Cover Letter

Dear Hiring Manager,

I am writing to express my interest in MERN Stack / Web Development opportunities at your organization. As a passionate and self-driven MERN Stack Developer currently pursuing FSc (Pre-Engineering), I have worked on full-stack projects and gained hands-on experience through an internship at GMG Solutions, freelance work, and continuous learning. I have experience with modern technologies including React, Node.js, Express, MongoDB, Tailwind CSS, and Bootstrap.

Through real-world projects and online learning, I have built responsive and user-friendly web applications, RESTful APIs, and authentication systems. My portfolio includes full-stack projects, service-based websites, landing pages, and educational platforms — all designed with clean code practices, modern UI, and a focus on usability.

I am eager to contribute my growing skills to real-world projects and become a valuable part of a professional team. I am committed to learning, improving, and delivering meaningful results. I would love the opportunity to contribute to your organization and grow as a developer.

Sincerely,

Aliha Khan
